Attention: Mr. Chris L. Hooper  
Sales Manager

Dear Chris:

**SUBJECT: PO 5901531 – CCRL – DHU DEBUTANIZER TOWER – 07T0884-M301**

We want to take this opportunity to express our appreciation with the performance of Hooper Welding in the fabrication and delivery of the Debutanizer Tower for CCRL in Regina. Your ability to meet a very aggressive delivery schedule allowed the project to achieve delivery prior to transportation restrictions and to meet a turn-around schedule.

Rarely has a supplier provided such complete cooperation. The staff at Hooper consistently made every effort to ensure completion on time and in fact delivered ahead of schedule. We look forward to many more successful projects in the future.

Regards
